Received from Charles "Buddy" Dixon:

"Much of my Logan/Turbeville data came from my mother (named for her grandmother Medora Logan) who was still quite lucid at the time, a Logan cousin of hers who supplied much info from family bibles, etc. and Dan Turbeville who I met thru the Turbeville Gen Site and a far distant cousin in Oklahoma whose name is Karen Morton."

Note: the **Medora Logan** mentioned is a daughter of **John** and **Martha Ann Turbeville Logan**, and granddaughter of **Wiley** and **Mary Turbeville**.
